於	Comment. The 3d Inf Regt of the 1st Inf Div has not been resorted since 1946, when it was alleged a stationed in Skierniewice. In 1949, component units of the 6th Inf Div were of served in the Lodz-Skierniewice-Lowicz erra, of which the Santzen infinity resiment was allegedly located in Skierniewice. A resort of August 1949 from Skierniewice said that a light artillery regiment was stationed there, wheras a report of mid-1950 again stated that an in antry regiment was there.

Folish newspapers claimed that one Moszar or Mosser, (fnu), was discharded in May 1950 and subsequently arrested. Since it is not clear on what facts that information the arrest of General Mossor was tased, it is cossible that the stateme in the present report is merely a rejetition of the old numer.					25X
